

RUSTLE®

SWEEPER

- The Rustle sweep is a compact manual sweeper with a total cleaning path of 730mm.
- It can clean up to 2600 sq.mtr/hr and it works 10 times faster than traditional broom cleaning.
- Complete sheet metal construction built for tough usage and it can be used to clean any small or medium sized floor area.

OPERATION

The Side Brush Sweeps dust and debris from corners directly in to the path of the main brush which in turn sweeps the same in to dirt box

MAIN FRAME

The Rustle sweep steel frame treated with anti-corrosive coating and powder coated to prevent rusting.

DIRT BOX

The robust steel front dirt box maximum capacity of 40 litres.

MAIN BRUSH ADJUSTMENT

The pressure of the main brush can be adjusted to achieve optimal sweeping results on any type of floor

SIDE BRUSH ADJUSTMENT

The side brush can be adjusted and it used to clean along edges and corners.

ROBUST WHEELS

Large rear wheels provide excellent manoeuvrability and are mounted on self-lubricating bushes. Front caster wheels bearing mounted with PU wheels.

ADJUSTABLE HANDLE

The handle can be fixed according to the height of the operator.
